

October 30, 2020

Dear Patient,

I hope this letter finds you well in these challenging times.

Thank you very much for allowing me to be your eye doctor in the past. It has been my great honor and pleasure to serve as your doctor. I am writing to inform you that I have retired from clinical and surgical practice effective as of November 1, 2020. I am grateful for the opportunity to have been your eye physician.

Ensuring the quality of your ongoing care is of the utmost importance to me. Fortunately, I am very proud to announce that I have entrusted your eyecare to an extraordinary group of doctors from the Chicago Eye Institute (CEI) and Arbor Centers for EyeCare. The CEI and Arbor physicians will happily care for you in any of their many convenient Chicagoland area locations listed at the end of this letter. With this notification letter, I will be transferring your care over to these excellent physicians who will accommodate your medical and surgical eyecare needs. Rest assured, all efforts will be made to make the transition as smooth as possible.

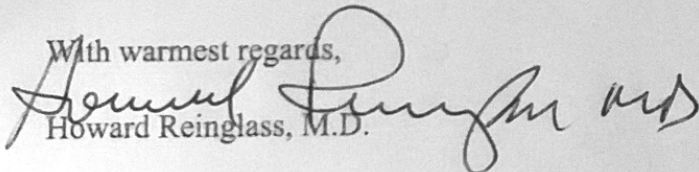

Both CEI and Arbor have served many Chicago communities for several decades and they share the same values in patient care that I do, including a personalized, humanistic approach to medicine. The doctors maintain the highest level of technical excellence and an untiring pursuit of the most advanced treatments, attracting national and international attention. These surgeons are often the first in Chicago to introduce new techniques and technologies and are esteemed members of the medical community, striving to enhance the knowledge of all around us.

You will soon receive a call from one of the coordinators from CEI and Arbor to schedule your upcoming eye appointment. If you prefer to contact CEI and Arbor directly to schedule your appointment you may call 773-743-6700 to do so and they would be happy to help you.

While I place my complete trust in the doctors of CEI and Arbor, you may wish to seek medical care from another doctor. If you choose to do so, please contact your medical insurance plan to obtain a list of physicians in the area who are eligible to become your physician. You can also contact the local medical society at (800) 838-3627 for a list of eye doctor names and phone numbers. Your medical records are confidential, however a copy of your records will be made available to the doctor taking over your care. If you choose to see a physician outside of CEI or Arbor, please request and sign an authorization form for CEI and Arbor to transfer your records to your new doctor.

Once again, it has been a sincere privilege to be your eye doctor. Thank you for trusting me over the past several years. I wish you all the best!

With warmest regards,

Howard Reinglass, M.D.
